INTRODUCTION – COLLEGE PROFILE

The following school profile has been developed to tailor our annual enrollment report to your specific college data.

The college profile report tracks students, not enrollments. This means that students with dual enrollments are reported only once – under their first program.

Notes: 1) Non-Degree & Certificate numbers include IBHE and Campus certificates

2) "N/A" in the "Enrolled to Admitted %" or "Enrolled to Applied %" columns means that the percentage is greater than 100. There are three potential reasons for this:

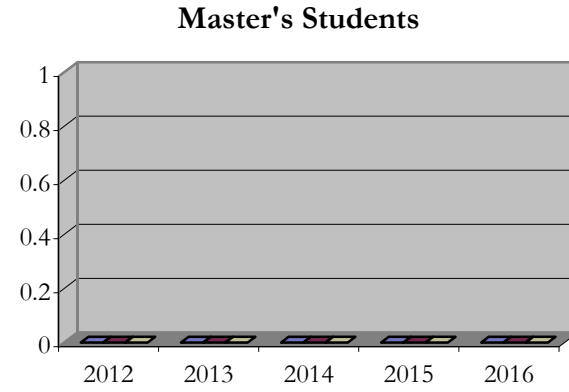

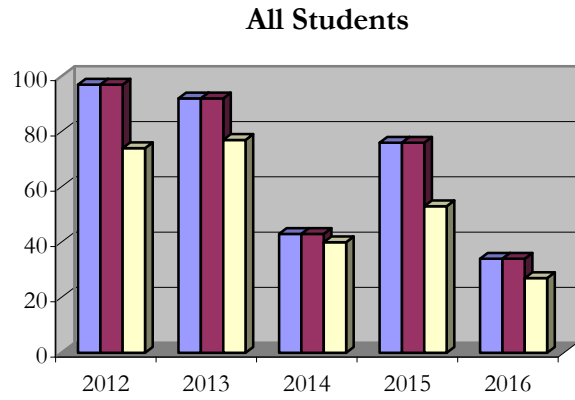

- Students that received Graduate College approved transfers may not have an admission record for the program that they enrolled into.
- Students with a secondary curriculum enrollment may not have an admission record for that secondary program.
- Students who were newly enrolled in the summer term prior to the fall were added to the fall new enrollment totals.
